

Rapt by Senator

SIMPLY

BEAUTIFUL

Design by Jonathan Prestwich

–

Rapt exudes poise and offers a fresh alternative to the established norms of executive seating. It has been created to grace environments where key decisions are made, where success happens, where detail and conviction are imperative and where extraneous distractions need to be eliminated.

Rapt's elegant and minimalistic design also provides exceptional comfort, featuring generous proportions and an anatomically shaped, cushioned seat and back. The one piece aluminium arm rest with a leather inlay envelops the chair beautifully and creates a strong continuous structure.

Design Detail

"In designing Rapt, I set out to create a simple one piece form, slim and elegant that uses the minimum amount of material needed to give a strong form that doesn't compromise on comfort. This executive chair boasts luxury upholstery, twin needle stitch detail along its perimeter and clearly defined zones of support"

- Jonathan Prestwich
