Clipper

The Clipper task chair delivers fantastic comfort with simple elegant styling. However, it is capable of providing a comprehensive suite of adjustments and features a dynamic synchronised tilt action.

The elegant and well proportioned back frame supports a soft touch 3D self supporting mesh. With choices of colours for moulded plastic components and for the 3D mesh it is easy to tailor the appearance to complement its environment.

Design by Allermuir Design

Recycled Content

Contains up to 34% of Recycled Material

Recyclability

The range is 100% recyclable

100%

SENATOR 3 R'S

Senator is committed to continually improving the sustainability of all environmental aspects within our business.

To meet both international standards and our own environmental targets we apply the three R's principle

-Reduce, Reuse and Recycle.

Whilst recycling is the element which receives the most exposure it is actually

the last option available and should never be the prime target in anyone's battle to reduce waste.

It is our duty as individuals and as a company to initially attempt to **Reduce** usage. Then we should look to **Reuse** wherever possible and finally, only after these two processes have been exhausted, should we consider **Recycling**.

-Reduce -Reuse -Recycle
