BISLEY

be

Be is a creative, integrated furniture and storage solution that connects people and the workspace, creating environments that inspire performance. Perfectly suited for creating subtle space and territory division, Be supports multiple possibilities in the workplace – whether for collaborative working, individual focused work or taking five.

To make creating an ideal workspace surprisingly simple, we have put together a collection of the most popular choices in a range of pre-designed elements. Our individual units allow you to pick exactly what you need.

Perfect combinations for a connected workspace.

UNDERSTANDING STORAGE

Designed to combine a better work environment with creative storage and display solutions, Be adapts to the needs of the modern workforce.

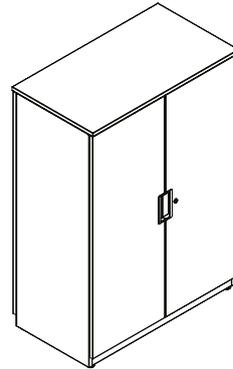

One of the best ways to inspire a sense of belonging in the workplace is through the creative use of storage. Be naturally blends desirable work space aesthetics with practical storage and storage solutions, giving all employees – whether permanent, mobile or nomadic – a sense of control, peace of mind and belonging while at work.

Desirable working space combined with everyday storage requirements.

ACTIVITY BASED WORKING – DESIGN FOR THE MODERN OFFICE

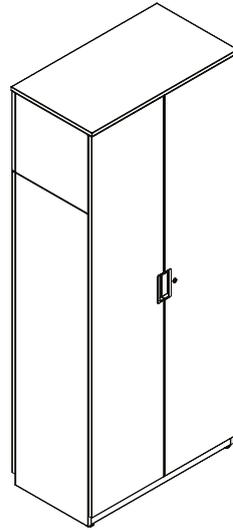

The office landscape is changing – working space needs to adapt to a more agile way of working. Inspired by the need for a versatile, open working environment, Be offers perfect combinations for a mix of interchangeable work spaces. Adaptable zones foster collaboration and provide areas to meet, individual space to focus, with social areas to interact, relax and recharge.

Be's flexible space enhances the activities you need to perform.

TAILOR-MADE

A workspace you can call your own. Be is designed to be different; using unique colour combinations, mixing laminate and steel surfaces and the power to display and perform. With a large selection of sizes, finishes and accessories, Be can create a natural barrier that fits seamlessly in with your working environment; allowing natural light, but separating a room without building walls.

Tailor made solutions to make individual spaces work.

Power Guide

Where power has been specified, there will be a pin plug and USB port in open spaces, with the exception of Lodges where a USB port will be located behind the doors.

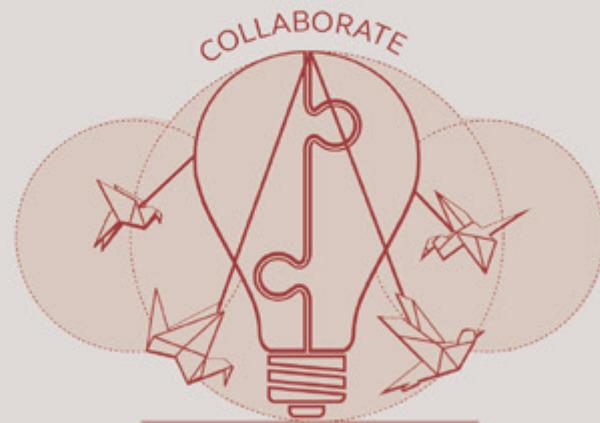

Power locations are illustrated throughout this Specification Guide with this symbol.

Be is a beautifully crafted, highly customisable system, which allows you to create uplifting spaces that naturally brings people together and enhances the working environment.

This brochure is a collection of the most popular choices in our range of pre-designed elements. If you are interested in developing a more bespoke design, please talk to us about putting together a unique configuration.
